GHES students  
11:30  
**Live Music by**  
**Bonse Aba quartet**  
**(Starbuck native son**  
**Ross Amundson)**

A recent addition to the depot grounds is a fully restored antique threshing kitchen that was in use from the turn of the century through the 1940's. It is complete with all the items that were necessary to feed a large threshing crew that traveled from farm to farm during the harvest season. This is a one of a kind display!
